WELCOME!

We're excited to welcome you to Scrum Alliance,® the largest association of Agile practitioners and Scrum certifying body in the world. Your completion of today's educational offering is a step forward in your Agile journey, and we'll be here to support you along the way with an engaged community of practitioners, avenues to further your knowledge, and encouragement to continue along your path.

WHAT HAPPENS NEXT?

Watch for your welcome email in the next few days. Then log into your scrumalliance.org dashboard (or create a new account) to accept your license, review your profile, manage your Scrum Education Units® (SEUs), and (if you're a first-time certificant) claim your complimentary membership. If you don't receive that email, contact your course Trainer or Coach. If you still have issues, email **support@scrumalliance.org**.

YOU EARNED YOUR CERTIFICATION. NOW MAINTAIN IT!

Your certification is valid for two years, the initial fee was included in your course registration. To maintain your certification, you're required to complete a certain number of SEUs, along with a renewal fee. It's easy to earn SEUs, and by doing so, you'll stay relevant and competitive.

Learn more about SEUs here: scrumalliance.org/get-certified/scrum-education-units

Here is an overview of renewal information:
